Anti-bullying Plan

Bullying:

Preventing and Responding to Student Bullying in Schools Policy (2011)

The NSW Department of Education and Communities rejects all forms of bullying. No student, employee, parent, caregiver or community member should experience bullying within the learning or working environments of the Department.

Bullying

Bullying is repeated verbal, physical, social or psychological behaviour that is harmful and involves the misuse of power by an individual or group towards one or more persons. Cyber bullying refers to bullying through information and communication technologies.

Bullying can involve humiliation, domination, intimidation, victimisation and all forms of harassment including that based on sex, race, disability, homosexuality or transgender. Bullying of any form or for any reason can have long term effects on those involved including bystanders.

Conflict or fights between equals or single incidents are not defined as bullying.

Bullying behaviour can be:

- **verbal** eg name calling, teasing, abuse, putdowns, sarcasm, insults, threats
- **physical** eg hitting, punching, kicking, scratching, tripping, spitting
- **social** eg ignoring, excluding, ostracising, alienating, making inappropriate gestures
- **psychological** eg spreading rumours, dirty looks, hiding or damaging possessions, malicious SMS and email messages, inappropriate use of camera phones.

The term “bullying” has a specific meaning. The school’s Anti-bullying Plan sets out **the processes for preventing and responding to student bullying**. The school has a range of policies and practices, including welfare and discipline policies that apply to student behaviour generally.

Schools exist in a society where incidents of bullying behaviour may occur. Preventing and responding to bullying behaviour in learning and working environments is a shared responsibility of all departmental staff, students, parents, caregivers and members of the wider school community.

School staff have a responsibility to:

- respect and support students
- model and promote appropriate behaviour
- have knowledge of school and departmental policies relating to bullying behaviour
- respond in a timely manner to incidents of bullying according to the school’s Anti-bullying Plan.

In addition, teachers have a responsibility to:

- provide curriculum and pedagogy that supports students to develop an understanding of bullying and its impact on individuals and the broader community.

Students have a responsibility to:

- behave appropriately, respecting individual differences and diversity
- behave as responsible digital citizens
- follow the school Anti-bullying Plan
- behave as responsible bystanders
- report incidents of bullying according to their school Anti-bullying Plan.

Parents and caregivers have a responsibility to:

- support their children to become responsible citizens and to develop responsible online behaviour
- be aware of the school Anti-bullying Plan and assist their children in understanding bullying behaviour
- support their children in developing positive responses to incidents of bullying consistent with the school Anti-bullying Plan
- report incidents of school related bullying behaviour to the school
- work collaboratively with the school to resolve incidents of bullying when they occur.

All members of the school community have a responsibility to:

- model and promote positive relationships that respect and accept individual differences and diversity within the school community
- support the school’s Anti-bullying Plan through words and actions
- work collaboratively with the school to resolve incidents of bullying when they occur.

Our School Anti-Bullying Plan

This plan outlines the processes for preventing and responding to student bullying in our school and reflects the *Bullying: Preventing and Responding to Student Bullying in Schools Policy* of the New South Wales Department of Education.

Fingal Head Public School is an inclusive environment, where diversity is affirmed and individual differences are respected. Quality education is provided for students to meet their learning needs in a secure, ordered and supportive school environment. Partnership with students, parents, staff and the wider community is considered central to the success of addressing bullying when it occurs in our school community.

- Parents, Staff and students surveyed on their understandings of bullying.
- Surveys results were analysed resulting in a plan being implemented.
- This plan is reviewed annually.

Statement of purpose

Bullying must be taken seriously and is not acceptable in any form. Students and teachers have the right to expect that they will spend the school day free from bullying, harassment and intimidation. Any inappropriate behavior that gets in the way of teaching and learning at the school and interferes with the wellbeing of students will not be accepted.

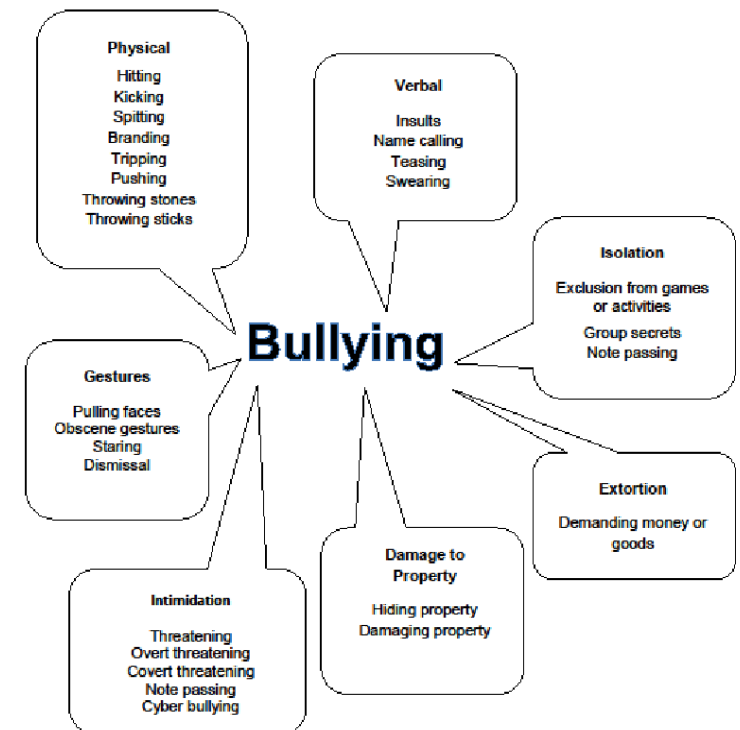

Protection

Bullying is repeated verbal, physical, social, or psychological behaviour that is harmful and involves the misuse of power by an individual or group towards one or more persons. Cyber bullying refers to bullying through information and communication technologies.

Bullying can involve humiliation, dominations, intimidation, victimisation, and all forms of harassment including that based on sex, race, disability, homosexuality or transgender. Bullying of any form or for any reason can have long-term effects on those involved including bystanders.

Types of bullying:

There are many forms of bullying but those listed below are identified as the most common.

Conflict or fights between equals or single incidents **are not defined as bullying**.

Schools exist in a society where incidents of bullying behaviour may occur. Preventing and responding to bullying behaviour in learning and working environments is a shared responsibility of all departmental staff, students, parents, caregivers and members of the wider school community.

All members of the school community contribute to the prevention of bullying by modeling and promoting appropriate behaviour and respectful relationships.

[The Complaints Handling Policy](#) establishes the standard approach to resolving complaints, including complaints about the way a reported incident of bullying has been managed and it is required that it be used in all learning and working environments of the Department of Education. Reasonable disciplinary action conducted in a reasonable manner does not constitute bullying.

For matters involving bullying which affect departmental employees, refer to the department's [Prevention of Bullying in the Workplace Policy](#) (intranet only).

Implementation Strategies

- Parents, teachers, students and the community will be aware of the school's position on anti-bullying. In order for the anti-bullying message to permeate Fingal Head Public School's culture, information is provided for students, parents, caregivers and teachers to identify bullying behavior.
- The school will adopt a four-phase approach to bullying.

Phase 1:

- Yearly professional development for staff relating to bullying, harassment and proven counter measures
- Community awareness and input relating to bullying, its characteristics and the school's programs and response.
- To provide programs that promote resilience, life and social skills, assertiveness, conflict resolution and problem solving skills.
- Clarify at the start of each year the school's policy on anti-bullying.
- Promote the reporting of bullying incidents by children and/or staff, involving themselves or others.
- Classroom teachers and principal regularly remind students and staff to report incidents of bullying.
- Encourage parents to contact the school if they become aware of a problem.
- Recognise and reward students for positive behaviour and resolution of problems.

Phase 2

- Promote the reporting of bullying incidents by children and/or staff, involving themselves or others.
- Classroom teachers and principal regularly remind students and staff to report incidents of bullying.
- Encourage parents to contact the school if they become aware of a problem.
- Recognise and reward students for positive behavior and resolution of problems.

Phase 3

- Once identified, within a reasonable timeframe, each bully, victim and witness will ordinarily be spoken with, and incidents or allegations of serious bullying will be fully investigated and documented.
- Students and staff, identified by others, will be informed of allegations within a reasonable time frame.
- Where practical, both bullies and victims will be offered counseling and support.
- If student bullying persists, parents will be contacted and consequences implemented, consistent with the school's Student Code of Conduct.
- If staff bullying persists, the principal will commence formal disciplinary action.

Phase 4

- Consequences for students will be individually based and may involve:
 - exclusion from class or playground
 - withdrawal of privileges e.g. excursions and sporting events
 - counselling from appropriate agency for both victim and bully.
 - school suspension
- Incidents related to bullying will be recorded. Actions taken to address the incidents will be noted.
- A review of bullying incidents will occur during staff meetings and also at the end of each semester in order to identify if additional resources or support is needed. This will encourage students to reflect and think about other strategies they can use.

Prevention

Strategies to reinforce positive behavior could include:

- Regular positive reinforcement in classrooms, playground and assemblies. These are encouraging words, actions or emotions that follow a particular behaviour of a child. This will therefore cause the child to want to repeat the behaviour being reinforced. Always acknowledge positive behavior rather than negative.
- Creative positive environments.
- Classroom based positive development programs
- Drug education program
- Positive Behaviour for Learning Program (PB4L)
- Life Education program
- Child protection program
- Buddy/peer support program
- Developing positive student leadership roles
- Gifted and talented program

Strategies for explicit teaching of dealing with Bullying Behaviour.

Victims

- Try to stand up for yourself in a positive way. Say "Stop, I don't like it!"
- Try to talk with the person I am having a problem with.
- Try making a deal or agreement with the other person.
- Ignore the situation and keep playing or working.
- Talk to a friend to get some ideas to make a decision.
- Get help from someone in my support group: family, teacher, friends, school support team, school counsellor.
- Walk away and ignore the bully and places where the bullying occurs.

Bystanders

Students should be made aware that witnesses to bullying have a very powerful role to play. Early intervention can defuse conflict situations before bullying sets in or gets out of hand. Therefore the following suggestions have been made:

- Let the person doing the bullying know that what they are doing is bullying
- Refuse to join in with their bullying and walk away
- Support the student who is being bullied
- Ask a teacher or support person for help
- Support his/her friends and protect them from bullying by being there for them
